Dear Ms. Grigg,

Statement from company/entity providing letter.

COMPANY/PROJECT NAME, is proposing a TYPE OF SITE (Usage Driven/other) designation at DESCRIPTION OF SITE/LOCATION. This project will bring new jobs and opportunities to the region.

We are aware of the tax re-classification implications involved in the establishment of an FTZ, we are comfortable with the new revenues that result from an FTZ designation. New employment and increased international trade will benefit the region. We believe the FTZ status will have a positive economic impact on the _____ community and our region by increasing business activity and, therefore, have no objection to the FTZ designation.

Sincerely,
